FERPA Statement:

The Family Rights and Privacy Act (FERPA) of 1974, protects the privacy of student educational records, including transcripts, by placing certain restrictions on the disclosure of that information. As a result, your written authorization is required in order for the University of Michigan-Flint to release your educational records to facilitate the reverse transfer credit agreement with Mott Community College.

I authorize the release of my academic records to Mott Community College and the release of academic records maintained by Mott Community College to UM-Flint without prior notice and for the purpose of credit evaluation to determine the awarding of an associate's degree or other credential of value from Mott Community College. This authorization will remain in effect for one-year from the date of the authorization below unless revoked in writing. I understand that I have the right to rescind this at any time by notifying the Office of the Registrar at the University of Michigan-Flint in writing of my decision. I understand that such revocation will not affect any disclosures previously made before receipt of any such written revocation.

My signature below is agreement that:

- ✓ I understand the FERPA statement and agree to my student records being shared between UM-Flint and Mott Community College for the purpose of credit evaluation to determine the awarding of an Associate Degree from Mott Community College.
- ✓ If applicable, an appropriate Associate Degree will be awarded based on my records, requirements of the degree, and credits toward degree. The awarded Associate Degree may not be the degree I was pursuing while a student at Mott Community College.
- ✓ If it is appropriate to award an Associate Degree, my signature below gives permission to Mott Community College to award the degree and notify me of the results without further intervention on my part.
- ✓ Please note that if you were to return to MCC to pursue another degree, there may be financial aid implications due to the number of credit hours attempted.
